INDUSTRIAL PARK SMEs SLOBOZIA has as its main objective the attraction of investments in the area, the revitalization of the regional economic environment and the creation of new jobs.

INDUSTRIAL PARK SMEs SLOBOZIA comes in support of investors and provides land with areas ranging from 4,000 to 7,000 sqm in order to develop new production capacities or to relocate existing ones.

We consider that we hold all the advantages to convince you to invest in this industrial park, such as:

- Excellent location in the region from accessibility point of view - it is at the confluence of some very important crossroads in the area, which connects the city of Slobozia with economically key destinations: A2 highway, river and sea ports, international airports, important railway junction;
- Providing all utilities - electricity, water and natural gas supply networks, pluvial sewerage connection and housekeeper, up to the limit of each batch;
- Providing street lighting and perimeter lighting;
- Safety - the park is fenced and has 2 controlled access gates;
- Providing infrastructure - indoor access roads that allow access to each batch, as well as 3 parking areas;
- Granting tax incentives for investments made in the industrial park in accordance with the tax legislation in force and pursuant to some decisions of the Local Council of Slobozia, having the title of Industrial Park granted by M.D.R.A.P.F.E.

[Click here to download presentation...](#)

## Interested in:

The following activities may be carried out on the premises of the INDUSTRIAL PARK SMEs SLOBOZIA:

- Processing and manufacturing industry with the focusing on various leading industries;
- Business activities in the prevailing financial, banking, consulting, design, research-development and management activities;
- Distribution activities with predominant cargo storage and logistics activities;
- Services, predominantly service industries;

In addition to the activities that predominate and give the area of specialization of the industrial park, in order to support the development of these activities, a series of related services may be carried out: provision of utilities, cleaning and security, trade and catering services, hotel activities, accountancy services, business support, insurance and services similar to or in direct connection with them.

# Romania country profile

Romania, in southeast Europe, is mountainous in the north while the main feature in the south is the vast Danube valley. The river forms a delta as it approaches the Black Sea, which is a wildlife reserve for countless native and migratory birds.

The Romanian parliament consists of two chambers, the Senat (Senate), which has 140 members, and the Camera Deputaților (Chamber of Deputies), which has 345 members. The members of both chambers are chosen in elections held every four years.

Ethnically, the population is 90% Romanian and 7% Hungarian. The Romanian language, like a number of others in southern Europe, is directly descended from Latin, although Romania is separated from other Romance-language countries by Slav speakers. Romania has considerable natural resources – oil, natural gas, coal, iron, copper and bauxite. Metal-working, petrochemicals and mechanical engineering are the main industries.

Romanian specialities include grilled meatballs, pork stew with garlic and onions and doughnuts made with cream and cheese.

The spine-chilling tale of Dracula is based on the 15th century Romanian Count Vlad Dracul whose son was famous in wartime for impaling captured enemies. Well-known Romanians include the writer Eugène Ionesco, the gymnast Nadia Comaneci and the composer George Enesco.

Official name: Romania

Area (km<sup>2</sup>): 237 500
